## TELEGRAMS. REGINA.

THE HAITIAN-BURN TELL AT  
ITS HEAD WORK.

Regina, Nov. 5.—Richardson  
introduced a bill to amend the  
prairie fire ordinance. Hamilton  
repeated what he had said on  
Friday concerning members of  
the Advisory Council, not being  
allowed to do any business and  
thought Richardson had a good  
deal of presumption in assum-  
ing to introduce a bill on an  
important subject when there  
was a standing committee on  
agriculture. Belts made an  
other indignant speech in reply  
referring to Hamilton as head  
and tail of the oppositionists  
and congratulating him on the  
subservience of his following.  
Laurie said that in spite of  
Gubernatorial or any other  
authority the majority would  
vote as they liked. Dr. Brett  
admired the nerve of the two  
Hon. gentlemen, who could get  
up and say that the watchword  
of opposition was that whether  
he and his colleagues were right  
or whether they were wrong,  
they would oppose them. Ol-  
iver stated that his party had  
the right to oppose there and vote  
on all questions, but he  
thought the people who had  
sent them there claimed a little  
more intelligence from them.  
So long as the Advisory Council  
knew they were within the law,  
they did not care for all the  
trouble the majority could heap  
upon them. Richardson said he  
had introduced a bill at the  
request of several prominent men  
and this position was constitu-  
tional and always had been.  
They could vote down his bill  
but that would not be giving  
the question the fair and square  
treatment it demanded.

The bill was voted down.  
Young wrote Dr. Richardson,  
Brett, Second Reading, Plaxton,  
Hoey and Jelly. Nays, thirteen.  
Richardson moved his motion  
to discontinue the issue of beer  
permits. A long discussion  
ensued lasting over an hour.  
The motion was lost, eighteen  
against two. Three members  
of the Council voted nay.

State Elections Among  
them.

New York, Nov. 4.—The elec-  
tions for congressmen will be held  
today in twenty seven states. The  
chief interest centers in Ohio where  
McKinley is a candidate for re-  
election. His election is very  
doubtful.

A Head and Good Programme.  
(Special to The Herald.)

Quebec, Nov. 5.—The Provincial  
Legislature opened yesterday. The  
government programme is remodel-  
ling the educational system, open-  
ing night schools in rural districts,  
building and extending of railways  
in the regions of the Ottawa valley,  
St. Maurice, Lake Timiskaming  
and Lake St. John, control of In-  
dian asylums by the state, conversion  
of provincial debt, bridging the St.  
Lawrence at Quebec, abolition of  
the toll gate system, macadamizing  
the country roads and the founding  
of a new agricultural college.

Democratic Victories.  
(Special to The Herald.)

Cincinnati, Nov. 5.—McKinley  
is defeated; also Foster for  
Governor.

Wisconsin, Nov. 5.—Democrats  
have elected their entire state  
ticket and carry legislation.

Colorado, N. H., Nov. 5.—The  
Democratic candidate for Govern-  
or leads by a thousand.

Detroit, Mich., Nov. 5.—Indica-  
tions are that the Democrats  
have carried this state.

Another Blackball Invention.  
(Special to The Herald.)

Ottawa, Nov. 5.—The Minister  
of Justice has received a letter  
signed "Mabel Morton," dated  
North Adams, Mass., stating that  
the writer was betrayed and ruined  
by Beaulieu; that she was on the  
same steamer with him and that  
Beaulieu enticed him to the swamp  
where she murdered him. The  
writer then recounts incidents prior  
and subsequent to the deed. The  
letter is believed to be a pure fabri-  
cation of Beaulieu or his friends.

A Hand They for the Stagnation Party.  
(Special to The Herald.)

New York, Nov. 5.—From the  
latest election returns it is estimated  
that the Federal House of repre-  
sentatives will be Democratic by  
between thirty five and fifty ma-  
jority. The Democrats carry Mas-  
sachusetts, Nebraska, New Hamp-  
shire, and probably Wisconsin, Illi-  
nois and Rhode Island. The south-  
east states show big Democratic  
gains the Republicans being wiped  
out in Missouri and Maryland.

The Farmers Alliance candidates in  
the south west, endorsed by the  
Democrats, are nearly all elected.

All Democrats unseated are re-  
elected with increased majorities.

McKinley is re-elected in Ohio;  
the Lodge, author of the free bill  
Cannon is again elected but Mc-  
Cormack badly defeated. The new  
balloting system worked well.

The Peasantry and Sun Trade.  
(Special to The Herald.)

Ottawa, Nov. 5.—John Sanderson,  
of Kempsville, has been ap-  
pointed by the Minister of Finance  
to go to Britain and enquire into  
the possibilities of the peasantry  
and egg trade between Canada  
and Britain.

Important suit Decided.  
(Special to The Herald.)

Ottawa, Nov. 5.—In the ex-  
chequer court yesterday judgment  
was given in favor of the crown in  
the St. Catharines Milling and Lam-  
bering Company case.

Two Killed, One Wounded.  
(Special to The Herald.)

Richmond, Ky., Nov. 5.—A gen-  
eral light, growing out of election  
excitement, occurred in Estella  
county yesterday. Two men were  
killed and one dangerously wound-  
ed.

No Increase in Crime.  
(Special to The Herald.)

Regina, Nov. 5.—Statistics submitted  
to the Northern Assembly by Governor  
Holt show that for the past four years  
crime has not increased in the same ratio  
as the population. In 1896 there were  
532 crimes, in 1899 493. The population  
in 1896 was 10,000 and in 1899 was  
10,000, now it is 100,000.

Four Persons Killed.  
(Special to The Herald.)

Owen Sound, Nov. 5.—A collision oc-  
curred last night at Owen Sound when  
four persons were killed.

Johnson's Political Address.  
(Special to The Herald.)

Chatham, Ont., Nov. 5.—At the in-  
ternational field trials held here yesterday  
in the winter class, Laidlaw Union, owned  
by Thos. Johnson, Winnipeg, defeated  
Bescon, owned by A. Haynes, London,  
of Waltham, England.

Accidents and Accidental Deaths.  
(Special to The Herald.)

Medford, Nov. 4.—An old lady, Mrs.  
Stanley Gray, wandered from home or  
sawing and died from exposure. Her  
body was found two miles away, yester-  
day.

Dumas Malheur, a miner, was fatally  
injured yesterday by falling from the  
ladder of a building on which he was  
working.

Milverton, Ont., Nov. 4.—George Butler,  
a farmer near Erie, was fatally killed  
through his very bad slip and fall  
being thrown into the ditch.

Compensated.  
(Special to The Herald.)

On account of the change of weather  
there will be no business in the winter  
series.

Next Sunday, Nov. 7, Laidlaw will preach  
a missionary sermon at Mrs. Lamb's,  
south of the town at 10 o'clock.

Knock Cures.  
(Special to The Herald.)

The usual weekly prayer meeting in  
Knock Church will be given up for this  
week in favor of the entertainment for  
the hospital. To increase at 11 p. m. a  
most Thanksgiving service will be  
given, with a collection in aid of the  
hospital. Devotional exercises will  
begin at 7:30 p. m.

FROM REGINA

LEGISLATIVE PROCEEDINGS OF OCT. 29TH AND 30TH.

REGINA, Oct. 30.—After the Governor retired yesterday Dr. Brett moved that the thanks of the Assembly be tendered His Honor for the speech with which he had been pleased to open the session.

Mr. Haultain said the unprecedented assurance of the Advisory Council would lead him to expect anything. The majority did not intend to let Dr. Brett or his colleagues have any say in the proceedings except to vote. He moved an amendment that the House go into committee of the whole to-morrow to consider the Governor's speech.

Dr. Brett replied, protesting against being abused for merely doing an act of courtesy. He said he was willing the amendment should carry, which it did unanimously.

Dr. Brett then moved the appointment of a special committee to strike the Standing Committees, but the majority, carrying out their policy as stated by Mr. Haultain, put up another amendment, appointing a committee from their own ranks, which carried by 13 against 5.

To-day the special committee reported and Standing Committees were struck as follows:—

Education: Tweed, Ross, Oliver, Lineham, Clinkskill, Neff, Mitchell.

Standing orders: The Speaker, Haultain, Cayley, Thorburn, Jelly, Hoey, Clinkskill.

Immigration and agriculture: Thorburn, Paxton, Sutherland, Turris, Jelly, Lineham, Clinkskill, Reaman, Mitchell, Neff, Hoey.

Municipal: Cayley, Davidson, Ross, Lineham, Paxton, Sutherland.

Public accounts: Ross, Haultain, F. Oliver, Tweed, Sutherland, Neff, Davidson, Turris, Reaman.

Civil justice: Cayley and Haultain.

On motion of Haultain a committee was appointed to prepare an address in reply.

On motion of Ross the House adjourned.

The Governor's Speech.

[We gave yesterday a resume of the Governor's speech, which was in type in THE HERALD office almost as soon as the speech was delivered at Regina. The following summary comes to us via Winnipeg, and is practically the same as we published yesterday. The estimates of expenditure for the ensuing year are promised.]

Regina, Oct. 30.—Nearly all the members of the Territorial Legislature were present at the opening of the Legislature. The Governor's speech congratulated members on the abundant harvest, the satisfactory reports from the ranching districts, the general prosperity and contentment of the people, and the great progress in railway building since last session. His Honor expects good results to follow the visit of the Duke of Connaught and the British farmer delegates and asks members to devote further energies towards immigration. The Governor promises statistics combating the assertion that crime is increasing in the Territories and notes the good work of the police in restricting the illicit traffic in intoxicants. The speech also refers to the progress made in education, public works, the extinction of gophers, the prevention of prairie fires, the formation of a parliamentary library, and water supply in certain sections, and promises a statement of the receipts and expenditure of public funds with the auditor's report, also the submission of the estimates for the ensuing year.

After conclusion of the speech the usual formal motions were carried and the House adjourned.

EXTRAORDINARY PROCEEDINGS TAKEN AND PRINCIPLES AVOWED.—THE REIGN OF DESPOTISM.

Regina, Oct. 31.—The Speaker took his seat at 9.30 o'clock.

Justice Richardson introduced a bill to provide for appeals from convictions by J. P.'s, under the penal clauses of the North-west ordinances and municipal bylaws. Also a bill to amend the legal profession ordinance.

Second introduced a bill re life insurance.

Haultain said the hon. member was simply wasting the time of the House, as the majority did not intend to let him move any resolution whatever so long as he remained in the position he held at variance with the wishes of the majority.

Beets, of Prince Albert, regretted to hear such principles enunciated. Mr. Secord, he said, was introducing a bill affecting his constituency and the whole country. It affected his (the speaker's) district very much, and it was a matter of regret that his friend was not allowed to exercise his undoubted rights simply because he held opinions different from other members of the Assembly.

Cayley said he and the majority had a right to vote down any motion and would vote down the present one because the mover occupied what the majority thought was a wrong position and a position against the interests of the country.

The bill was thrown out by 12 against 7.

The House went into committee on the whole and passed a resolution embodying the principle of granting aid to Medicine Hat Hospital.

Tweed read a statement of the work and claims of the hospital, prepared by Supr. Nilbeck.

Brett's protest motion was opposed by Cayley as condemning the previous vote of the Assembly and the Speaker ruled it out.

During his remarks Cayley started to quote scripture and came to grief amid the laughter of the house when talking about Rachel's children weeping.

Brett moved for papers re the application of the Cardston company and Haultain said he would allow him some attitude in this out of consideration for himself.

The House adjourned.

Regina, Nov. 1.—At yesterday's session of the Assembly the report of the transactions of the Governor's office was submitted; also replies from the Dominion Government to resolutions of last session. Standing committees for the session were struck, none of the members of the Advisory Council being included. This brought forth a vigorous protest from Dr. Brett and will be discussed to-day. Several notices of motion were given and the Assembly adjourned.

Regina, Nov. 3.—Today's session passed off smoothly and was devoted entirely to advancing business.

The papers connected with the proposed Cardston Company were brought down.

Haultain introduced a petition from Lethbridge capitalists asking for incorporation as a Waterworks and Electric Lights Company.

Notices were given of amendments of game, municipal, and brand ordinances.

Richardson, of Glenfell, gave notice of a motion humbly requesting the Governor to cease issuing beer permits.

Members of the Advisory Council gave notice of several motions, including one by Brett to have the four members placed on the standing committees.

Bills introduced last week received second readings and some were discussed in committee of the whole.

The house adjourned after sitting an hour.

RECORD OF DEATHS, SUDDEN DEATHS, MURDERS, ETC.

Toronto, Nov. 3.—Rev. Father Vincen, Vicar General for 12 years and Superior St. Michaels College for 25 years, is dead.

Bowmanville, Ont., Nov. 3.—James Robins, a prominent citizen, dropped dead on Saturday of apoplexy.

Antwerp, Ont., Nov. 3.—Frederick Richson, farm laborer, was struck by a train and instantly killed.

Orillia, Ont., Nov. 3.—Edward Crossfield, son of the proprietor of a Sturgeon Bay shingle mill, fell across a saw cutting him in two.

Toronto, Nov. 3.—Geo Marshall, aged 70, 25 years in the British army, fell dead yesterday of heart disease.

William Tobin, aged 26, recently from Bracebridge, fell on a circular saw here Saturday and was cut almost in two.

Guelph, Nov. 3.—J. McCormick, Pusslinch Township, died from the effects of a kick in the bowels by a horse.

St. Paul, Minn., Nov. 3.—Benjamin F. Rogers, of the live stock firm of Rogers and Rogers, was assassinated by George Robordge, South St. Paul, yesterday. The murderer afterwards blew his own brains out.

Winnipeg, Nov. 3.—M. Simencourt dropped dead while walking from Winnipeg to Stonewall last night.

The French Emigrating.

Montreal, Nov. 1.—A large number of French Canadians with families from below Quebec emigrated to Massachusetts yesterday. They say they are tired of poverty and farm life.

Reduction of Canadian Postage to two Cents.

Ottawa, Nov. 4.—It is officially announced that the Government have decided to reduce letter postage throughout Canada and the United States to two cents the single rate.

Opposition to Commutation of Birth.

Ottawa, Nov. 4.—A letter has been received by the Minister of Justice, dated Montreal, signed W. Street, calling the minister's attention to certain suspicious circumstances connecting Mrs. Birchall with the Benwell murder and asking the Minister to remember these when Mrs. Birchall presents her petitions for the commutation of her husband's sentence.

One Hundred Dead of Diphtheria.

Halifax, N.S., Nov. 4.—Diphtheria and measles are epidemic in Newfoundland more violent than ever. Five hundred cases and one hundred deaths are reported in the last two months.

A Government Mission to the West Indies.

Ottawa, Nov. 4.—Foster leaves to-day for the West Indies to be absent six weeks. Though the trip is a holiday one he also enquires into the prospects of extending Canadian trade with those islands.

Six Millions Asked.

Deseronto, Ont., Nov. 4.—Rathburn & Co., manufacturers and lumber merchants, are negotiating with an English syndicate for the sale of their extensive works in this neighborhood. A preliminary offer of four million dollars has been made but six millions is asked.

Latest Phase of Immorality.

Montreal, Nov. 4.—A large consignment of smoking pipes has been seized by the Customs Officials here because they contain immoral pictures.

The Mob Suspect Him.

London, Eng., Nov. 3.—While attending the funeral yesterday of his wife, whose mysterious murder in South Hampstead last week created a great sensation, Hobbs was attacked by a mob but the police rescued him. The people believe Hobbs is implicated in the murder, but the authorities cannot find cause for his arrest.

Balfour's Tours Through Ireland.

Dublin, Nov. 3.—Balfour returned yesterday from a trip through Ireland. His reception everywhere was friendly, sometimes cordial. He says some distress exists but no great hardships are expected.

Dillon and O'Brien in New York.

New York, Nov. 3.—Dillon and O'Brien, the Irish agitators, arrived yesterday from Paris. They were received by a deputation of Irish citizens. Their appeal to the American people was published yesterday.

Mill Burned at Portage la Prairie

Portage la Prairie, Man., Nov. 1.—The Pioneer oatmeal mill, owned by Johnson and Barclay, was burned last night, together with all the adjoining buildings and a quantity of oats, oatmeal, chopped grain and wheat. Loss \$100,000. Insurance small.

A Lunatic Hangs Himself.

St. John's, P. Q., Nov. 1.—Blair, a lunatic escaped from a Michigan asylum, who made a murderous assault on a constable in London on Wednesday, suicided by hanging in the jail corridor on Thursday night having twisted his sheet into a rope.

62,500,000.

Washington, D. C., Nov. 1.—The census office announces the population of the United States at sixty two and a half millions, being an increase of twelve millions in ten years.

Nearly One Hundred Drowned.

New York, Nov. 1.—The Spanish steamer Niadaya was sunk Thursday night by collision with an unknown vessel off Haragat. Nearly one hundred persons were lost.

The Dominion Illustrated.

The latest number of this always welcome pictorial paper contains the usual supply of excellent engravings illustrative of Canadian scenery, resources, industries and social life. The range is wide extending from Newfoundland, whose iron bound coast is shown in a bold picture, to Sicamous, one of the wonderful Shuswap lake cluster. Between these limits all the great divisions of the Dominion have their share of attention—St. John, N. B.; Three Rivers, P. Q.; Ottawa, Toronto, Peninsula Harbor, Lake Superior, and the ranching region of Alberta being interpreted by characteristic scenes. The Ottawa lumbering views, the Esplanade, Toronto, the Old Burying Ground, St. John; the Round Up of the Cowboys, Alberta, and the Church Interior, Three Rivers, are all racy of Canadian scenery and life. In execution we note a constant effort to improve. The letter press is correspondingly interesting. The Dominion Illustrated deserves support, Address 73 St. James St., Montreal.

The Delegates Home.

Coun. James Reilly returned here this morning in excellent health and spirits. The councillor tells us that he enjoyed his eastern trip thoroughly. He found the people everywhere prosperous and contented, no complaints of hard times having reached his ears during his trip.

Mr. Sam. Livingston also returned this morning, delighted with his eastern experiences. After leaving Ottawa Mr. L. proceeded to visit his numerous relatives in Wisconsin and saw many of the largest U. S. cities. He says it will take him ten years to talk of all he saw and heard.

The Opera House.

Mr. Carley is making considerable improvement in the opera house. The stage has been extended at the front and is nearly double the old size. A new drop curtain has been provided. The sides of the hall have been newly and nicely painted and papered. Two foot-lights have been added, and altogether there are eight lights overhead on the stage. An ante-room has been provided on each side of the stage between the dressing room and the main hall. These changes and others in contemplation will add materially to the appearance of the place.

From Dakota.

A man named W. J. Silverburn reached Calgary this morning from North Dakota. He left there to better his condition, having suffered losses of crop for several years in succession, in that country. He intends taking up land and settling in the vicinity of Calgary. He brought with him a carload of agricultural implements and household effects together with 8 head of stock, consisting of 5 cows and 3 horses. He says there are quite a number of parties in Dakota anxious to emigrate to Alberta.

Medicine Hat Indian School.

Mr. W. Wilson, representing the Industrial School at Medicine Hat, is in town in the interest of that institution, which is being established in connection with the Blackfoot and Blood reserves. He has been in Lethbridge and Macleod, succeeding well. Mr. Wilson is also taking subscriptions for a most interesting magazine, "The Canadian Indian," published under the auspices of "The Canadian Indian Research Society" at \$1 a year. We have only good wishes for Mr. Wilson's mission.

The Governor has appointed Mr. E. N. Brown caretaker of the Calgary court house.

Death of the Late Robert Graham.

Mr. William Graham, who returned from Medicine Hat yesterday morning, where he had been in connection with the death of his brother in the hospital, informs us that he died on the morning of the 29th and was buried on Thursday afternoon the 30th from the hospital to the Medicine Hat cemetery. Rev. Mr. McLeod, Presbyterian Minister, officiated at the funeral. Mr. Graham desires to express his great gratitude to Mr. Nilbeck for the deep interest he took in his brother's welfare and to the medical officers, nurses and attendants of the hospital for their unflinching kindness and attention to his deceased brother. Mr. Robert Graham had been a sufferer since 1876 from insanity, having in that year received a sunstroke while attending the Philadelphia Exposition, the disease having been greatly aggravated during the past two years, during which he had little comfort in life. The symptoms gradually grew worse until his nervous system became thoroughly shattered and the physical pain unendurable. After removal to the hospital he gradually declined and passed away, as stated, on Wednesday last, with comparatively little pain, receiving every attention which it was in the power of the hospital attendants to bestow.

Personal.

Coun. Maw is out again fully recovered. We regret to hear that Mr. Alfred Brealey, who is lying ill at Mitford, is not making as satisfactory recovery as his many friends had hoped for.

Mr. Buchanan, general manager of the Bank of Montreal, has been superannuated owing to ill health, on a pension of \$5,000.

Mr. Gerald Davies, a popular young Englishman, who has been staying in Calgary for some months for his health, left for England via Niagara Falls and New York last night. He came here a sick man and left thoroughly restored. Mr. Davies intends to return to Alberta.

Mr. W. H. Hogg, of the Bank of Montreal, left for the east this morning on a very pleasant mission.

The Mennonites.

Mr. Jacob Y. Shantz, of Berlin, Ont., has returned from the north with the Mennonite delegates, much impressed with the country near Lone Pine, beside the C. & E. Railway. We hear that if land can be secured here from the Government and the railway a large body of the younger generation of Mennonites will come on at once from Southern Manitoba.

A Good One.

A pupil of the Calgary public Schools, at the written monthly examination last week, was the author of the answers to the questions here annexed:—

Q. Who is the Governor General of Canada?

A. CHRISTOPHER COLUMBUS.

Q. Who is the Governor of the North-West Territories?

A. Mr. REILLY.

This shows the high respect in which the active chairman of the School Board is held by the pupils of our schools.

Writing up Southern Alberta.

The Western World for October is largely devoted to illustrating Southern Alberta, there being three beautiful engravings of natural scenery, namely, Lee's Lake, the Falls of the Old Man, and the Waterton or Kootenai Lakes, and ten illustrations of scenes in connection with the railway and coal company's works at Lethbridge, besides Mr. E. T. Galt's residence, the Lethbridge hospital and the town of Lethbridge. The letter press descriptions are by Mr. Haultain, M. L. A., Mr. James Morrison and Mr. C. E. McLeod, and are quite exhaustive. On the whole Southern Alberta is getting its share of judicious advertising.

SCOTT & BOWNE, LONDON.

We have been shown by the geologist who has been in the mountains a number of fresh specimens of metallic ores from the Rockies which possess a special interest for the citizens of Calgary and the district of Alberta, since they were found so far from Calgary and within the district of Alberta, in situations which are not supposed to represent promising occurrences of metallic ores. These specimens, which we hope are destined to add vastly to the wealth of the district of Alberta, we have handled these specimens, and estimated their value and significance. They have been fully explained to us, and we trust that in the near future there will be such development in the country as to enable us to estimate these in the future. It will fall to maintain these in the future. The Geological Department have been giving out at there are "no minerals in the Rockies." We presume simply that all of the specimens under consideration are found in the Bow River Basin, nearly all within ten miles of the river, and within Alberta; the whole of the country being tributary to the Pacific.

**SILVER AND GOLD:** There is a sample from a quartz lead carrying 28 oz. silver and \$2 worth of gold per ton,—also found in certain.

these are but the first fruits of the prospecting in the mountains, while we have nothing to link the Geological Department for in connection with the development of the mineral wealth of the country tributary to Calgary, we can not help remarking that these important facts come in well in corroboration of the official statements contained in the report of Dominion Land Surveyor Drewry, who conducted the triangulation survey in the Rockies last year and this year, to the Department of the Interior in 1889. — quote from Mr. Drewry as follows:—

travelling through the uplands found numerous traces of mineral life, but as we were not carrying on a paleontological and geological survey we were not able to collect. The fossils from the deposits from which came the last found. However, while exploring the Vermilion Pass, within twenty miles of the railway, we came across small reefs of fossiliferous limestone. These were found as they dip gently to the vicinity of the sea. A heavy layer of silver bearing ore cropping out, about 12 ft. wide, lies flat and Vermilion Pass we were able to cross. The fossils were collected within 3 miles of the railway.

From what I observed on Simpson I felt that a very large body of ore exists there, but this would have to be confirmed by a geological survey. I believe that a deposit of argentiferous limestone exists in the vicinity of Summit Mountain, but we found and the distance of the nearest reefs was quite marked. Frequently the reefs were covered by the densest of mammoth ferns. I have also had a number of

Such encouraging discoveries as these should stimulate prospectors and capitalists to unearth the hidden treasures of the Rockies and should be the means of attracting fresh attention to the immense possibilities for the development of the natural resources of Alberta. We in Calgary should not be backward in placing before capitalists the immense field which Alberta offers for the display of such enterprise as has enriched countries not possessing a tithe of the undeveloped mineral wealth which is already found to be within sight of our highly favored town.
